

THE GOENKA network

Today, under the aegis of G.D. Goenka Group, the G.D. Goenka Public Schools, are regarded as centres of educational excellence globally. The school philosophy is based on a set of strongly held beliefs which are put into action everyday by every member of the institution.

It's a philosophy of treating each child in a sensitive manner and providing appropriate developmental programmes so as to encourage not just learning but also the love of learning. It is also based on providing an environment that is safe, clean, healthy and child-oriented. An environment where classrooms are arranged in a manner that it offers challenging play and learning choices at a range of developmental levels. Activity areas are designed where children are allowed to explore, experience, and most importantly, succeed.

A school with difference! A school that became a trendsetter in the quality of facilities and its gamut of opportunities.

Keeping in mind our motto: "Higher, Stronger, Brighter", we give our little ones the very best, each and every day... an idyllic ambience, ideal location - a stimulating and nurturing environment for learning. All through, the emphasis is on closeness and togetherness just like in a family. Only the best is good enough to nurture the development of the child. A long proven concept of harmonized instructions and a host of values that kindle the child's curiosity and prepares him/her to face life with equanimity and ease.
